Dear Friend:

Inner-City Arts knows how to nurture the creative potential of children. But we also know how to throw a party. **Last Saturday night we raised over \$250,000 in support of our arts education programs during *Summer on Seventh*, our annual concert and block party.**

More than 1,000 people gathered at Inner-City Arts to experience the perfect fusion of music, art, cuisine ... and philanthropy. Headlined by musical performances from **The Internet**, **Cut Chemist**, **Shura** and **dublab**, the event spotlighted the transformational power of creativity and celebrated the cultural diversity of the Downtown Los Angeles Arts District.

If you attended *Summer on Seventh*, thanks so much for the support! Whether you were enjoying world class musical performances, noshing on treats from some of LA's best food trucks, or learning how to make your own zoetrope, you were contributing to the creative development of our great city.

If you weren't able to participate in *Summer on Seventh*, but would like to contribute to our mission, **please consider making a donation to Inner-City Arts' [Annual Fund](#) today!**

**And you can check out a collection of photos that capture the evening's festivities [HERE](#).**

*Summer on Seventh* would not have been possible without the leadership provided by our event co-chairs Geoff Anenberg, Connie Moran and George Sacco and the vital contributions of our event committee.

Lastly, we would like to acknowledge the support of our amazing sponsors who helped make this year's event the most successful in its six-year history!
